### ***Elmur (videoart)***

*Only on May weekends*

elmur.net was created by the Fundacion Ferrereuela Sanfelix and zzz on 2007 in Lleida (Spain) as an on street video installation where zzz, a young creative collective, screened images to inspire citizens with positive imagination and ideas. Since then and thanks to our supporters and collaborators we have grown up. From April 2009 elmur has become a network: elmur.net where citizens from around the world contribute to build up an infinite container of positive imagination proposals.

*Imagination is the beginning of creation, we imagine what we desire and pursue our desires till they become reality (G. Bernard Shaw).*

**Pantocrator Gallery & elmur.net have proposed creative citizens of the world to inspire Shangai's citizens in order to re-inspire all us again.**

In Shanghai, the worldwide reference megalopolis of future, engine of change and progress, **Pantocrator Gallery & elmur.net** have screened during Mai 2011 a selection of thoughts, dreams, hopes and ideas which invite us to see our everyday life from creative points of views. A collective movie, a visual dialogue built upon the received proposals from worldwide creatives, which speaks about existence, mass media, politics, art, reality, dreams and fiction, life and death, hope and the power of creativity and artistic creation as engines of change and transformation which help us to build, inspire and dialogue about a future full of magic and common illusions.

## SHANGHAI INSPIRATION MISSION!

*La imaginación es el principio de la creación, nos imaginamos lo que deseamos y perseguimos nuestros deseos hasta que se convierten en realidad.*  
*(G. Bernard Shaw).*

**Pantocrator Gallery y elmur.net han propuesto los ciudadanos creativos del mundo inspirar a los ciudadanos de Shanghái con el fin de que ellos nos reinspiren a todos nosotros de nuevo.**

En Shanghái, megalópolis de referencia global, ciudad del futuro, motor de cambio y progreso, **Pantocrator Gallery** y **elmur.net** han proyectado durante el mes de Mayo de 2011 una selección de pensamientos, sueños, esperanzas e ideas de 18 ciudadanos creativos del mundo entero que nos invitan a ver nuestra vida cotidiana desde nuevos y creativos puntos de vista.

Una película colectiva, un diálogo visual que habla acerca de la existencia, los medios de comunicación, la política, el arte, la realidad, la ficción, los sueños, la esperanza , la vida y la muerte, y el poder de la creatividad y la creación artística como motor de cambio y transformación que nos ayudan a construir e inspirar un futuro común lleno de magia e ilusiones.
