The Creative Collective zzz, presents with great exit **elmur.net** project in front the Auditori Enric Granados (Lleida - Spain) audience.

Last 24th October 2009, inside the context of the Emergent International Photography and visual Festival, a panel representing the Creative Collective zzz presented elmur.net project.

**zzz with Jesús Vilamajó the Festival's Director**

The panel proposed a debate around the social need of approaching art to the general public and to enhance creative collaboration a basic objective of

elmur.net project. Elmur.net is a visual project which proposes a on street visual dialog by means of its web site user's proposals.

The presentation ended up as an informal chat in the square in front of the Auditorium.
